

# You're Invited to an ISR G2 Hands-On Lab Thursday, September 16, 2010

Brought to you by *Vital Support Systems* and *Cisco*

*Please join us for an interactive hands-on lab with the new generation Integrated Services Router, the ISR G2.*

*The equipment will be live and on-site (Cisco 2911s) in Rockford!*

*Register at [www.vitalsite.com](http://www.vitalsite.com) - click on 'Events'*

## **ISR G2 Introduction**

This SE lab will introduce the student to the new and exciting aspects of the ISR G2 portfolio in a hands-on environment. Emphasis will be placed on configuring new features and aspects in comparison with the previous-generation ISR.

## **Topics to be covered:**

1. New portfolio hardware comparison
2. New module types, capabilities, comparison and compatibility with previous ISR modules
3. Module installation and removal (PVDM3, IPS and WLC)
4. Using the USB Console for system management
5. Working with Cisco Software Activation including Cisco License Manager 3.0
6. The Multi-Gigabit Fabric
7. Power Efficiency Management

*Don't miss out on this great opportunity!*

*Customers must bring a laptop for this hands-on event.*
