Figuring Out A Retention And Deletion Policy That Fits Your Organization
CAN IT AND LEGAL AGREE?
 September 21st, 2010 from 11:30am - 1:30pm CDT
 Anthony's Steakhouse, 7220 F Street, Omaha NE 68127

Many organizations depend on their unstructured data to conduct business operations. Unstructured data stores are constantly growing and changing, but it must be protected and saved for regulatory compliance, legal eDiscovery and organizational history.

IT decides to archive unstructured data, and reaches out to legal for a policy. Legal recommends deleting all untouched data after 30 days. IT says that won't work because employees are free to download the data and presses legal for a retention policy

Join **Vital Support Systems** and **Iron Mountain** for an informative Lunch n' Learn and **hear real-world examples on which archive/retention policy works and the pitfalls to avoid.**

Register and attend for a chance to win an iPad!
